PUBLICATION JAN 2025 to MAY 2026

Sr No	Title of Paper	Author Name	Journal Name	Month	Year
1	Role of Inflammatory Cytokines and Gut microflora in regulating blood glucose levels in women with Gestational Diabetes Mellitus (GDM): A Cross-sectional study	Dr. Meghana Patel	Indian Journal of Home Science	Jan	2025
2	The Combined Antigen and Antibody Testing Approach Improved the Sensitivity of Early Detection of Dengue Virus Infection	Navneet Kumar Singh	Research Journal of Pharmacy and Technology	April	2025
3	Factors affecting the quality of services from patients experience at dhiraj hospital, vadodara: a cross sectional study	Pooja Chavan	International journal of Advance and innovative research	June	2025
4	Therapeutic potential of Camel milk in type 2 Diabetes Mellitus: A Review	Navneet Kumar Singh	Asian Journal of Pharamaceutics	June	2025
5	Amla's Role in Modern Therapeutics for Disease Prevention and Management: A Narrative Review	Dr. Meghana Patel	Journal of Natural Remedies	Sept	2025
6	To study the effect of short-term use of mobile phones on accommodation and convergence in adults	Satwinder Singh Insan, Shubham Bhattacharya	Indian Journal of Clinical and Experimental Ophthalmology	Sept	2025
7	Prevalence and demographic insight of uveitis in OPD patients at a tertiary eyecare centre of Uttarakhand	Satwinder Singh Insan	Indian Journal of Clinical and Experimental Ophthalmology	Sept	2025
8	A STUDY TO ASSESS KNOWLEDGE AND AWARENESS OF RADIATION EXPOSURE AMONG ALLIED AND HEALTHCARE SCIENCE STUDENTS OF A SELECTED COLLEGE AT BATHINDA, PUNJAB	Dr. Jayapandiyan, Yuvraj Maharshi	International Journal of Research and Analytical Reviews	Oct	2025
9	OCTA-Derived Retinal Biomarkers for Cardiovascular Risk Stratification: A Narrative Review	Shubham Bhattacharya; Satwinder Singh Insan	Vascular and Endovascular Review	Nov	2025
10	Ocular Surface And Tear Film Alterations In Digital Device Users: A Systematic Review Of Bioanalytical Evidence	Shubham Bhattacharya	Journal of Applied Bioanalytical Evidence	Dec	2025
11	Effect of Smoking on Macular Thickness and Visual Functions in Diabetes Mellitus: A PRISMA-Based Systematic Review	Satwinder Singh Insan	International Journal of Drug Delivery Technology	Feb	2026
12	Effects of plant growth promoting Rhizobacteria (PGPR) Consotria on wheat seed germination and growth enhancement	Pooja chavan	International Journal of Recent Development in Engineering and Technology	April	2026

13	Changes in the Meibomian Gland Function, LID Wiper Region and LID Parallel Conjunctival Folds among Various Types of Contact Lenses Users	Satwinder Singh Insan	International Journal of Drug Delivery Technology	May	2026
14	Comprehending developments in the pathophysiology, diagnosis and treatment approaches of diabetic retinopathy: A systematic review	Shubham Bhattacharya; Satwinder Singh Insan	Indian Journal of Clinical and Experimental Ophthalmology	May	2026
15	Screening Methods for Early Identificationof Retinoblastoma: A Systematic Reviewof Clinical and Genetic Approaches	Shubham Bhattacharya	Asian Journal of Pharamaceutics	May	2026
16	Influence of Chronic Smoking on Macular Morphology and Contrast Sensitivity in Individuals with Controlled Diabetes Mellitus.	Satwinder Singh Insan	International Journal of Drug Delivery Technology	June	2026
17	Ocular effects of novel synthetic opioids: A systematic review and narrative synthesis of current evidence	Shubham Bhattacharya	Journal of Opioid Management	June	2026
18	Prebiotic Supplementation Modulates Inflammatory markers and Gut Microbiotain Women with Gestational Diabetes Mellitus: A Randomized Controlled Trial	Dr. Meghana Patel, Dr. Neha Soni, Dr. Navneet Kumar Singh	Asian Journal of Pharamaceutics	June	2026
